Fuel for Thought

I am always in awe of the views and vistas we see driving around the Rim Country. What a beautiful part of the U.S. we live in.

I spent most of my life near Chicago so the weather here is a treat for me. Yes, we have some cold days but they're never -26 degrees like Chicago has every winter. And if we get any snow here, it's gone by noon, unlike in the Midwest when the plowed snow lasts all winter.

The treat in living in the Midwest was seeing all the classics roll out of the garages in May. How fun it was to see some 60s Mopar (I had to lead with this), a 50s Chevy or Ford cruise down the street all shiny and clean. Spring was here and you had 5 months to spend with your car. After that, all those classics rolled back into the garage, were winterized, and covered for the next 7 months.

Living in AZ we get to keep our cars at the ready and go to car shows all year. How lucky we are to live in such a beautiful area with the capacity to enjoy our classics all year round.

GET OUT AND ENJOY THE DRIVE!

Car Show Update

The car show is progressing well, per chairman Ken Michael. Everyone involved is pulling their weight and things are on schedule. Should be a great show. Thanks to all our volunteers, with a special thanks to Deb Schwalm for getting the logo for the T-shirts and posters created, and to Virgil Conrad for bird-dogging potential sponsors. If you know of any potential trophy sponsors, please pass that info along to Virgil. So far, we have 45 regular entrants and 12 club members. The special members-only show registration form is again included at the end of this newsletter –check it out if you’ve not yet signed up. It was decided to give members both extra benefits (a free burger burn ticket) and a lower entry fee to encourage participation. It would be really cool if we had a great showing of our fine cars. There will still be plenty of opportunities to get involved - we always need a lot of extra hands on deck when we get down to the wire on show weekend. Many hands make light work!
