**Payson Invasion Report:** Paul Renaud stated we are ready to roll, 13 entries are club members. There is still time to tell your pals, tell your friends. We just want to have fun and the cars don't have to be show quality.

Ken Tozi has the tan shirts for workers and you can get one tonight. Steve and I have discussed changing the club shirts and we have samples. They can be embroidered or printed depending on what you like. Embroidery is more expensive. Men and womens style available. They can be ordered from Black and Tan. We will discuss/vote at the November meeting.

**Activities Coordinator:** Sue Renaud announced the activities for November.
