Meeting Minutes can be reviewed on the clubs website:

<http://clubs.hemming.com/rccac/>

Past newsletters can also be viewed and printed from the website.

BEHIND THE WHEEL

PRESIDENT Paul Renaud

Your new incoming Car Club President, My name is Paul Renaud recently elected by some of you for the RCCAC President position for 2021. I sure hope 2021 is better than the 2020 year we have had. For those who don't know me, I joined this club about a year and a half ago and have participated in most of the club's events. I'm currently the Car Show chairman. I lead the October Payson Invasion committee which turned out to be pretty successful considering the Covid restrictions. I hope you all had a good Christmas and celebrate the incoming year

safely. I want everyone to thank Steve Fowler for his leadership as president for 2020 and his transition into the board of directors.

Just a reminder to get your clubs dues paid soon. Application for 2021 is on page #4. Please print out and hand it in or send it to Tina our treasurer. Dues were reduced this year only, so take advantage of it.

I hope to see many of you at our next meeting on January 6th at the senior center on Main Street. You can contact me anytime (see club listings below) I'm Looking forward to an even better year with more fun!!

TECH TIPS

By: John Cailey

Can you stop on a dime?

A lot of us out there are still running drum brakes on our rides. With the newer and improved brake linings that are available these days, brake fade associated with drum brakes is all but a thing of the past in normal use. If you are in the process of replacing those brake shoes, take a good look at the backing plates where the brake shoes ride. They are often grooved which can cause erratic brake application if the grooves are deep enough. A simple fix for mild to moderate groove wear can be done with a 3" 180 grit disc using your air operated Die grinder. For deep worn grooves, I usually fill the grooves with JB weld or equivalent. Then hit them with your grinder.

Don't forget a dab of Lubriplate #105 on those sanded spots. Simple solution to make your drum brake job complete. No history on those brakes? Popping for a brake return spring kit is always a good idea. Can you stop on a dime? John Cailey

2021

start

finish

We had a good ride with the club in 2020. NOW—Let's make this year even better!

The wheels on the bus go
Round, Round,
Round!

GOODBYE AND
GOOD RIDDANCE
2020
HAPPY NEW YEAR

2021
