## BEHIND THE WHEEL

PRESIDENT Paul Renaud

Well, November has come and gone and now we are in the Christmas phase. Hope you all had a great Thanksgiving and are ready for the Christmas holiday.

Veterans Day luncheon went well with the club sponsoring 25 vets to ride in the classic cars for the lunch served at the casino.

Thanks to Sam and helpers for getting this all put together.

This will be the last newsletter unless some-one steps up to continue this communication for the club. I want to thank Margie Fowler for the outstanding work she has done every month putting this newsletter together over the years. I will put some communication out each month but it definitely won't be as nice. Mary will also keep us up to date on activities. Just a reminder that dues will be back to pre-covid at \$30 per couple and \$20 for a single membership.

For those who RSVP'd for the Christmas party don't forget it's this Wednesday, Dec 1st.

I still need charities identified so we can decide in January who we will donate to. I will send out the form for you to fill out stating what the charity does and why we should nominate them.

The next membership meeting will be January 5th at 6:30pm at Tiny's restaurant. Yeah!!

I want to thank you all for the continued support for this club and hope next year will be even better.

Have a Wonderful Holiday

Wishing All a very Merry Christmas

## Members of Old Classic Cars "Saves Christmas" ?

**Twas the Night Before Christmas**

The thing wouldn't start, all  
that was needed was one tiny part.

It had to be somewhere in the box there came three  
but now that same box was completely empty.  
Perhaps there's an old one just hidden from view  
despite endless searching the score was still two.  
So down from the shelf came a big wooden box  
with parts from old motors, dishwashers and clocks.  
Each piece was examined but finally tossed  
nothing was found to replace the part lost.  
Mumbling and gnashing and tearing of hair  
a whole year of waiting, now total despair.  
But a fairy was watching that cold winter night  
and out went a call describing the plight.  
They came in their dozens from near and from far  
all of them members of Old Classic Car.  
Some came alone, in other cars three, there was even a

member from distant Orkney.

Rick's famous Dodge Crew bus was next to appear  
with twenty more helpers and all of their gear.

They searched every inch from the ceiling to ground  
then up went a shout "hey, look what I've found"

With spanners and wrenches plus odd looking tools  
when it comes to mechanics, these guys are no fools.  
Connections were fitted and bolts turned down tight  
gaps got adjusted until they were right.

The battery was last to be placed in position  
now was the time to go for ignition.

The button was pressed and the old engine turned  
these guys were all experts and none were concerned.

With one tiny bang a splutter and cough  
it paused for a second and then it was off.

Covers were fitted and paintwork was cleaned  
everything polished until it all gleamed.

He strode from the shadows, that man dressed in red  
each looked at the other, but nothing was said.

Only memories remain now of one special night  
when they did what was needed, they did,  
what was right.
